- **Envelope**
- **Tools – Trimmer/Score Board, Bone Folder, scissors**
- ***Optional – Cut & Emboss machine, die cut/punch, embossing folder, etc. to decorate**

CLUE #2

Score 5 1/2" x 11" card base @ 2 1/2" and 6 3/4". Fold and burnish card with bone folder. The 2 1/2 section will fold back onto the front of the card (to create a pocket). This is an A2 portrait card measuring 4 1/4 x 5 1/2 when folded.

CLUE #3

To create the pocket you need to cut a diagonal. Put the top of the 2 1/2" score line in the cutting track on the trimmer. Trim a diagonal to cut off ~ 2 1/2". This does not have to be exact! You just need an angle to create a pocket. *You will cut off a small triangle piece.

CLUE #4

Emboss the front of the pocket. Line up the edge of the 2 1/2" score line inside the embossing folder and run through an embossing machine. *Reminder- you can go rogue if you want....Emboss or Don't Emboss? There is no right or wrong way to do Mystery Monday Stampin'! (I love to add texture!!!)

CLUE #5

Important- Before gluing the pocket shut, you need to adhere the 4 x 5 1/4 piece of DSP to the front of the card. *Keep in mind, the pocket will fold back on top of this paper so some of it will be hidden under the pocket.

CLUE #6

Use Multipurpose Liquid Glue to adhere pocket. Add a thin line of glue along the outside edge of the pocket (from where you cut the angle) and along the bottom. Fold pocket and press to adhere.

CLUE #7

Create a bookmark. Stamp/decorate the 1 7/8 x 4 3/4 white cardstock. Adhere to 2 1/8 x 5 cardstock. Punch a hole at top. Fold a (~5") piece of ribbon in 1/2 and thread folded piece through hole then open the loop and pull the ends of ribbon through. Trim ends. Slide bookmark in pocket on front of card.

CLUE #8

Use extra white (or other) cardstock to create a focal piece for the front of your card: Stamp sentiment or image/die cut or punch/layer/color/embellish however you want! Adhere with Dimensionals to front of card below the angle on the pocket.

CLUE #9

Stamp image and/or sentiment on the 4 x 5 1/2 white cardstock and adhere inside card.

CLUE #10

If your card needs anything else add that now.

Decorate your envelope (stamp/emboss/add DSP) to coordinate with your card.
