- Embellishment- ribbon, adhesive dots or gems/sequins (*optional)
- Envelope
- Tools – Trimmer/Score Board, Bone Folder, scissors if needed to fussy cut
- *Optional – die cut shape/punch for focal image, embossing folder

CLUE #2

Score 11” x 4 1/4 ” cardstock along the long side @ 4 1/4 and 5 1/2 to create the base of the card.

CLUE #3

Place the card base in your paper trimmer so the 4 1/4 inch section is on the right side of the 11" long card base. Make a score line diagonally from the bottom of the 4 1/4 inch score line to the upper right corner of the card front.

CLUE #4

Add adhesive between the 4 1/4 and 5 1/2 inch score lines and adhere it down on the inside of the card. *This is the book binding section for the first fun fold.

CLUE #5

Adhere 1 x 4 Designer Series Paper to the front of the card on the left side between the score lines.

CLUE #6

Decorate the 4 x 4 cardstock to create a focal piece for the front of your card. Emboss/stamp/die cut/punch/color images, etc. Adhere this piece only to the bottom part of the diagonal section on the card front. *The top part of the cardstock piece will NOT be glued down!

CLUE #7

Adhere the 4 x 4 white/very vanilla cardstock to the inside of the card.

CLUE #8

Stamp a greeting or image and punch or cut out. Adhere to the inside lower right corner on the inside of the card with dimensionals.

CLUE #9

Fold the front of the card on the diagonal score line to create the "easel twist" section of the card. This section will rest against the greeting/image when the card is in the easel position. (It will fold flat for mailing.)

CLUE #10

Does your card need anything else? Embellishments? A sentiment? Add that now.

CLUE #11

Decorate your envelope (stamp/emboss/add DSP) to coordinate with your card.
