CLUE #2

Score the 4 1/4 x 11 cardstock along the 11" side @ 1 and 6 1/2. Fold and burnish both score lines in (mountain folds). *They will meet together on the front of the card. The 1" fold is at the top of your card.

CLUE #3

Adhere a 4 x 4 1/4 piece of DSP or embossed cardstock to the front section (below the folded top section).

CLUE #4

Adhere a 3/4 x 4 DSP or embossed piece to the folded top section.

CLUE #5

Adhere a 1 1/2 x 5 piece of DSP or embossed cardstock to the 1 3/4 x 5 1/4 cardstock. Place two dimensionals on the back at the top. Adhere to the top of the front flap (on the right side) leaving an even border on the top and right side. *The bottom of the flap piece will be flush with the bottom of the card.

CLUE #6

Open the card and adhere the 4 x 5 1/4 piece of embossed cardstock or DSP to the inside of the middle section (under the top folded section).

CLUE #7

Adhere the 3/4 x 4 piece of DSP or embossed cardstock to the 1 x 4 1/4 piece of cardstock. Place dimensionals on the back. Adhere this piece to the inside of the card approximately 1" from the bottom edge. *This will create an easel stand for the flap to rest when standing for display.

CLUE #8

Create a focal point for your card by adding an image and/or sentiment layer to the side flap. Adhere focal point to the card flap with dimensionals. *Only add dimensionals on the right side of your focal piece so it will be centered on the card.

CLUE #9

Add the 4 x 5 1/4 basic white or neutral layer on the back of the card for a sentiment or personal message.

CLUE #10

Does your card need anything else? Embellishments? Trim/Ribbon? Add that now.

CLUE #11

Decorate your envelope (stamp/emboss/add DSP) to coordinate with your card.
