CLUE #2

Score the 4 1/4 x 10 cardstock along the 10" side @ 1 1/2 and 5 3/4. Fold and burnish along the score lines creating a square card with a pocket on the inside.

*The 1-1/2" score line will create the pocket on the bottom.

CLUE #3

Adhere the 1 1/8 x 4 piece of DSP along the right edge of the 4 3/16 x 5 1/2 piece of cardstock leaving an equal border on the top, bottom, and right side.

CLUE #4

Adhere the 4 3/16 x 5 1/2 piece of cardstock inside the 4 1/4 x 10 piece of cardstock in the middle section. Align the left edge of the cardstock with the inside of the square card. It will stick out on the right side.

CLUE #5

Create the inside pocket by adhering the right and left edge of the pocket to the inside layer. Use Tear & Tape or Multipurpose Liquid glue for best results.

CLUE #6

Adhere the 1 1/4 x 4 DSP strip to the front of the pocket.

Adhere the 2 1/2 x 4 White layer above the pocket. Slide a gift card in the pocket. Stamp inside sentiment above the gift card.

CLUE #7

Layer the 3 3/4 x 3 3/4 DSP to the 4 x 4 cardstock layer and attach to the front of the card. If you choose a white layer (instead of DSP) stamp first, then layer.

* Feel free to change the measurements of the layers to meet your needs.

CLUE #8

Stamp/Punch/Die Cut sentiment and/or image to create a focal piece. Attach to the card front.

CLUE #9

Does your card need anything else? Embellishments? Trim/Ribbon? Add that now.

CLUE #10

Decorate your envelope (stamp/emboss/add DSP) to coordinate with your card.
