CLUE #1 -Gather your supplies! *You will be creating a portrait style card.

- Colored Cardstock – 5-1/2” x 8-1/2”
- Basic White Cardstock- 2 @ 4 x 5 1/4
- Designer Series Paper – 2 @ 2 x 5 1/4 (H) *You will see both sides of this design, 2 1/2 x 5 1/4 (H), extra for envelope (optional)
- shape for focal piece
- Envelope
- Stamps
- Ink
- Adhesive (Including Stampin’ Dimensionals)
- Ribbon/Embellishments of choice (optional)
- Tools – Trimmer/Score Board, Bone Folder
- *Optional – coloring tools, die cut/punch, Cut & Emboss Machine

CLUE #2

Score the 8 1/2 x 5 1/2 cardstock @ 4 1/4. Fold and burnish.

CLUE #3

Adhere the 2 1/2 x 5 1/4 DSP down the middle of the 4 x 5 1/4 white cardstock mat.

CLUE #4

Adhere the 2 x 5 1/4 pieces of DSP to each end of the white cardstock. *Just add a thin layer of glue to the outside edges along the 5 1/4 side.

CLUE #5

Now comes the fun part! You will fold back the DSP on all 4 inside edges revealing the other side of the design. *Flaps will fold back at an angle from the center and form a triangle. Crease each with a bone folder.

CLUE #6

Add a Stampin' Dimensional behind each of the 4 flaps.

CLUE #7

Stamp/Punch/Die Cut sentiment and/or image to create a focal piece. Adhere to the center of the card with Stampin' Dimensionals. *Focal piece will cover the intersection of folds in the middle.

CLUE #8

Adhere this layer to the 4 1/4 x 5 1/2 card base.

CLUE #9

Stamp message/image on the other 4 x 5 1/4 white cardstock and adhere inside the card.

CLUE #10

Does your card need anything else? Embellishments? Trim/Ribbon? Add that now.

CLUE #11

Decorate your envelope (stamp/emboss/add DSP) to coordinate with your card.
